

MEET MRS. MILLER

Hi! My name is Mrs. Susan Miller. I have enjoyed teaching grades K through 7th in the Southfield Public School district for 23 years. I am married and have one son who attended Southfield Public Schools. Although I enjoy teaching all subjects, my two favorites are math and science.

If I'm not at school teaching, I am at home playing with my two puppies, Shadow and Chip. On the weekends and during our summer vacation, you'll usually find my husband and I (and the puppies) up north enjoying hunting, fishing, hiking and relaxing with nature.
